Owners of dogs of
ALL SIZES
saw quality of life improve
PLAYFUL

4-8 WEEKS

» **SPUNKY**
of lasting allergic itch relief¹

Back on the trail without having to stop and scratch. Woo hoo!

DAY 1

ACTIVE

Starts relieving allergic dog itch in 1 day¹

DAY 7

LOVING

Pet owner quality of life more than doubled in 7 days²

Enjoying the good times with my best bud. This time the licking is out of affection!

28 DAYS

ADORING

That's when dogs saw the greatest improvement in quality of life²

The days of frustrating itch are over. It's back to being ourselves again

The feeling you get when allergic dog itch is finally under control and life is as it should be

92% OF PET OWNERS AGREE

CONTENT
CYTOPOINT provides fast, effective relief while improving quality of life³

IMPROVEMENT

mood | activity | sleep²

HAPPY

WEEK 1

ENERGETIC

Dogs experienced significant improvement in allergic itch in 1 week—and pet owners benefited, too²

Think of what that means to dogs who just want to have fun—day after day

Wet noses and warm snuggles. What's better than that?

It's time to curl up and cuddle

IT'S EASY TO REMEMBER
